CERTIFIED ONCE, RECOGNIZED BY MANY

CERTIFIED COLLISION CARE OEM CERTIFICATION

The mission of the Certified Collision Care program is to raise the industry's technical capability and business operating standards. Our objective is to ensure each repair business that is certified has what is necessary to properly and safely repair current and future vehicles manufactured by the participating Automakers; provide consumers with an exceptional experience; and offer employees a career opportunity within a professionally operated business.

OEM CERTIFICATION

To ensure the highly technical, next-generation vehicles are properly repaired to manufacturer specifications, leading Automakers are taking bold steps to ensure that collision repair providers that are Certified by them have the proper tools, equipment, training, and facilities. All essential to the vehicle's fit, finish, durability, functionality, value, and safety.

THE 5-STAR PERFORMANCE PROGRAM

This exclusive business improvement program is designed to assist body shops to evaluate their business's capabilities and chart a plan to achieve OEM Certification and reach top performance metrics specific to your goals and objectives. Whether you are working towards achieving Certification or are already Certified, the 5-Star Business Performance Program provides you with a step-by-step improvement plan to ensure your shop continues to have what it takes to achieve OEM certification and set business performance and improvement targets based upon confidential benchmark comparisons, improvement goals, time lines, budgets, and action item to do lists.

7 EASY STEPS: OUR TURNKEY APPROACH TO BECOME CERTIFIED-RECOGNIZED

- 
Turnkey Approach
 Below is the step-by-step process that all collision repair facilities go through to become Certified.
- 
1. Enrollment - Registration
 Visit www.CertifiedCollisionCare.ca, review the terms and conditions for participation and enroll.
- 
2. Business Information
 Enter shop business information to complete your business profile critical for Key Performance Indicator (KPI) comparisons, benchmarking and tracking.
- 
3. Process Payment
 Process payment of \$2950 (CAD) for enrollment in the Certified Collision Care program.
- 
4. Business Capability Assessment
 Assess the collision repair center’s capabilities against the list of Certification requirements and standards. **
- 
5. Score & Evaluation
 Receive a score that illustrates any deficiencies in becoming Certified. It is part of the ongoing business improvement process.
- 
6. On-Site Inspection-Audit
 An inspector will audit your body shop and ensure proof of compliance with photos and documentation.
- 
7. Marketing & Promotion
 To ensure your collision repair facility continually gains value from Certification, various marketing and promotional tools are available.

** See back panel for requirements and standards

Assured Performance is working with the top Auto Manufacturers in North America to identify, Certify, and promote thousands of best-in-class repair businesses through one joint-effort program.
